The Big 5

Course info and getting started

Africa's Big 5 animals are the most sought-after and notorious animals on the continent. They're also some of its most beautiful, majestic creatures. **Now you can learn all about them with WildlifeCampus!**

These animals are a critical part of the continent's ecosystem. The conservation efforts around these animals have also helped protect thousands of other species. In this short course, you'll learn about each animal in detail, explore how they fit into their environment and why they're important to preserve.

Additionally, we have included a component on approaching dangerous game.

These 6 components are derived directly from our **field guiding/game ranging course**.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Duration

Average 1-3 weeks. There are no deadlines; you may complete courses at your own pace.

Certification

This course is **free for students to access and complete** after registering on our website. However, if required, a digital certificate may be redeemed at a cost of **R 250** per free course. Upon graduation, we will automatically contact you with the option to redeem a certificate or not. *** Redeeming a course certificate is optional, not compulsory.**

How to access

YOUR FREE COURSES

#01

REGISTER

It's free! Visit:
www.wildlifecampus.com
