Tour Guide to The North West

Course info and getting started

Take a virtual tour and explore the incredible North West Province with us! Meet the people, and learn about its rich history, culture and geographical features. We also take an in-depth look at the Fauna and Flora that the province has to offer, as well as list places of interest one can visit to get in touch with nature.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Duration

Average 0-6 months. There are no deadlines; you may complete courses at your own pace.

Certification

Upon completion of the course, you'll receive an industry-recognised digital certificate demonstrating your commitment to upskilling yourself.
