Tour Guide to South Africa

Take a virtual tour and explore South Africa with us! Meet the people, and learn about its rich history, culture and geographical features. We also take a look at the Fauna and Flora that the country has to offer, as well as list places of interest one can visit to get in touch with nature.

This complimentary introductory course is a prelude to the 9 Provincial Cultural Guiding Courses. We have also included an overview of each province (each overview is taken from its full provincial course), in which we feature one town, city or place of interest in that province.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again**.
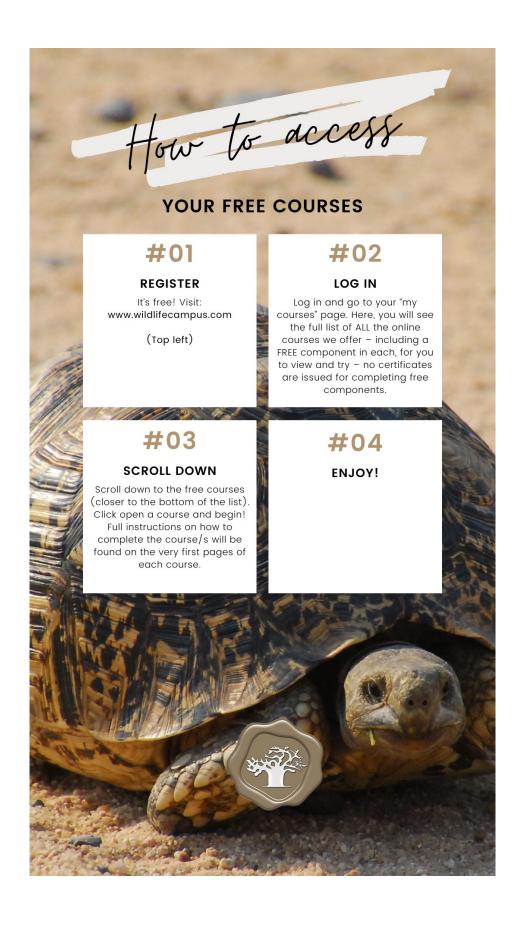

Duration

Average 0-3 months. There are no deadlines; you may complete courses at your own pace.

Certification

This course is **free for students to access and complete** after registering on our website. However, if required, a digital certificate may be redeemed at a cost of **R 250** per free course. Upon graduation, we will automatically contact you with the option to redeem a certificate or not. *** Redeeming a course certificate is optional, not compulsory.**
