Our **Game Guard Management Course** is based upon extensive practical experience and provides a detailed, theoretical insight into the requirements of setting up and running a successful Game Guard Unit on Reserves and Conservancies to counter poaching activities. In this course, we explore a brief history of game guarding in Southern Africa, the selection and training of Game Guards, their deployment and on-going management.

If you are a reserve owner, conservancy, wildlife or game farm manager; game ranger, game guide, game guard, trails guide or field guide or merely have an interest in this field this course is a logical and pragmatic guide for you. The course was written in conjunction with the renowned conservationist, Ken Coetsee.
