WILDERNESS SAFARIS

Written in collaboration with **Wilderness Safaris**
and is the first true Game Lodge Management
course to have been released to the public.

Drawing on over 30 years of experience in the creation and running of lodges, this offering is suitable for those seeking to enter this rewarding industry, or for safari companies that strive to emulate the accomplishments of one of the World's most successful lodge groups. The Certificate in Game Lodge Management is widely **recognised as the best** and accepted throughout the industry.

In terms of applications and permits, it also provides a lot of credibility that allows for motivation with local African governments.

Delivery and assessment of Paper-Based courses

Paper-Based courses are completed in a paper-based/printed format. Students are sent their course material by post, for collection at their nearest post office/PostNet. Assignments are then completed by the student in his/her own time and sent in for manual marking by email. These assignments (one assignment per guide book) constitute the full assessment and testing requirements for our courses. **There are no final exams to complete** and there is **no graduation ceremony**.

In order to gain a certificate, all assignments must be successfully completed with a pass mark of **65% required**. Should you not achieve the 65% requirement, you will be requested to re-submit the assignment/s until you pass.
