

Geology, Palaeontology and Evolution

Course type: Online Course

What do I receive when graduating this course? An industry recognised certificate.

Course duration: Average 3-12 months. There are no deadlines, you may complete courses at your own pace.

How to get started?

1. **Register** for an online course: [click here](#)
2. **Purchase** this course in the online shop: [click here](#) (or email us for an invoice)

Our Geology, Palaeontology and Evolution Course was written by world renowned Professors, Bruce Rubidge and Terence McCarthy from the University of the Witwatersrand, coupled with contributions by an additional 16 content experts, this is certainly one of the best written courses ever offered by WildlifeCampus. This is the story of Earth and Life. Take a 13.7-billion-year journey to explore the parallel evolution of The Universe, Planet Earth and Life that developed upon it. From supercontinents to dinosaurs to meteor impacts to The Cradle of Humankind to mass extinctions and much more.

Module # 1 – Introduction

Component # 1 – Introduction to Earth and Life

Module # 2 – Earth

Component # 1 – How the Earth Works Part # 1 – Internal Mechanics

Component # 2 – How the Earth Works Part # 2 – Plate Tectonics

Component # 3 – How the Earth Works Part # 3 – Colliding Continents

Module # 3 – Extraterrestrial Geology

Component # 1 – Astrophysics & Extraterrestrial Geology

Module # 4 – Continents

Component # 1 – The First Continent

Component # 2 – Richest Piece of Real Estate on Earth

Component # 3 – Vredefort Dome Meteor Impact

Component # 4 – Supercontinents

Module # 5 – Life

Component # 1 – Creating the Atmosphere for Life

Component # 2 – Early Life in our Planet

Module # 6 - Gondwana

Component # 1 – The Rocks of Gondwana

Module # 7 – Fossils and Dinosaurs

Component # 1 – Palaeontology and Palaeobotany

Component # 2 – Reptiles and Mass Extinctions

Component # 3 – Dinosaurs Dominate

Module # 8 – The Modern World Takes Shape

Component # 1 – Oceans, Oil, Diamonds & Collapse of the Global Ecosystem

Component # 2 – Changes in Climate, Grasslands, Rivers & Deserts

Module # 9 – Hominidae

Component # 1 – The Arrival of Humans

Component # 2 – Hominins on the Highveld

Module # 10 – The 6th Extinction ?

Component # 1 – Earthquakes, Volcanoes and Killer Asteroids

Component # 2 – Lessons from the Past for the Present and Futured Business Ethics

Delivery and assessment of ONLINE courses

All course content is available **online** but may also be downloaded in PDF format (and easily printed) so you don't have to be **online** to study.

All assessment is delivered entirely **online** and is automated. The assessment which we've called "take the test" (top right in each component) consists of between 10 and 30 true/false and multiple-choice questions. There is one test for each of the components of a course. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Australopithecus africanus,
"Mrs Ples" skull, (Sts 5), Sterkfontein 1947
