Predator management on livestock farms

Course info and getting started

Our predator management on livestock farms course, originally written for the Landmark Foundation, has been revised for the wildlife manager, landowner, wildlife enthusiast and livestock farmer.

This is a most important, useful and practical course for all those who are on either side of the predator/livestock conflict. If you are seeking or merely interested in non-lethal, holistic, ecologically acceptable and ethical management strategies to deal with predator/livestock farming conflicts, this course is for you.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**. There are no formal tests for this course.

Duration

Average 0-3 months. There are no deadlines; you may complete courses at your own pace.

Certification

This course is **free for students to access and complete** after registering on our website. However, if required, a digital certificate may be redeemed at a cost of **R 250** per free course. Upon graduation, we will automatically contact you with the option to redeem a certificate or not. * **Redeeming a course certificate is optional, not compulsory.**
