# Anti- poaching

## Course info and getting started

### Are you passionate about wildlife conservation and interested in learning how to combat poaching?

Our online anti-poaching course is designed for individuals who want to make a difference in the world of wildlife conservation.

Through this course, you'll gain a deep understanding of the illegal wildlife trade and its impact on endangered species and the environment. You'll also learn about the tactics used by poachers and how to identify signs of poaching activity. It will raise your awareness of the types of poaching that may occur in your local community, the importance of conservation and how you can spread awareness.

The course is self-paced, allowing you to study on your own schedule. Upon completion, you'll receive an **industry-recognised certificate** demonstrating your commitment to wildlife conservation and your readiness to take action against poaching.

Join us in the fight against poaching and make a difference in the future of our planet's wildlife.

#### Course type

**The WildlifeCampus courses are online courses.** You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

#### Duration

**Average 0-3 months.** There are no deadlines; you may complete courses at your own pace.

#### Certification

Upon completion of the course, you'll receive an industry-recognised digital certificate demonstrating your commitment to upskilling yourself.
