Anti- poaching

Junior

Course info and getting started

For Juniors **aged 10-15 years old**, this course aims to provide you with the necessary skills and knowledge to help eradicate poaching, even at a young age. We explain poaching and anti-poaching, some of the different types of poaching and the ways we can help prevent it from happening.

The course is self-paced, allowing you to study on your own schedule. Upon completion, you'll receive an **industry-recognised certificate** demonstrating your commitment to wildlife conservation and your readiness to take action against poaching.

If you are a young conservationist who is keen to learn and make a difference, this course is for you! As a young person, you hold the key to positive conservation change, for future generations!

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Duration

Average 0-3 months. There are no deadlines; you may complete courses at your own pace.

Certification

Upon completion of the course, you'll receive an industry-recognised digital certificate demonstrating your commitment to upskilling yourself.
