Learn-Protect-Save

# Antipoaching Junior

#### About this course

Are you ready to become a young hero for wildlife? Our Anti-Poaching Junior course is designed for junior conservationists aged 10 to 16. Gain the knowledge and skills to stand against poaching and protect endangered species.

In this course, you will learn what poaching is, discover the different types of poaching, and explore practical ways to help prevent it. With real-world insights, you will gain the tools to make a meaningful impact on wildlife conservation, starting now!

As a young conservationist, your passion and actions can inspire positive change and pave the way for a brighter future for our planet. **The journey to protect wildlife begins with you!** 

Upon completing the course, you will receive an **industryrecognised digital certificate** demonstrating your commitment to upskilling yourself.
