Behaviour guide to African Carnivores

By Richard D Estes

Course info and getting started

Our advanced animal behaviour courses were written by **world-renowned ethologist, Professor Richard D Estes**. These are the most comprehensive courses of their kind, featuring original drawings, imagery, tables, graphs, references and assessment questions. This is everything you ever wanted to know about the behaviour, biology and ecology of African carnivores.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Duration

Average 3-6 months. There are no deadlines; you may complete courses at your own pace.

Certification

Upon completion of the course, you'll receive an industry-recognised digital certificate demonstrating your commitment to upskilling yourself.

Help

If you need any assistance, please feel free to email us anytime! info@wildlifecampus.com

We also have a **WhatsApp line** (office hours only): **069 177 9345**

How to get started?

1

Register

Register on our website
www.wildlifecampus.com
(Register top left)

Or

2

Purchase cash price

Purchase courses for their cash price. You can email us for an **EFT invoice** or use the online shop.

To visit our shop:

or

Pay off monthly

All courses can be paid off monthly. To view our monthly payment plans, course combos and subscription options:

3

Access and enjoy

Once you have purchased your course/s or paid a deposit, they will be unlocked and available on your **my courses page**.

We will email you to confirm your purchase and send full info on how to complete your course/s.

Module # 1 - Introduction to Carnivores

Component # 1 - Introduction to Carnivores

Module # 2 - Genets, civets and mongooses

Component # 1 - Family Viverridae

Component # 2 - Genets

Component # 3 - African civet

Component # 4 - Palm civet

Component # 5 - Slender mongoose

Component # 6 - Egyptian mongoose

Component # 7 - White-tailed mongoose

Component # 8 - Marsh mongoose

Component # 9 - Yellow mongoose

Component # 10 - Dwarf mongoose

Component # 11 - Banded mongoose

Component # 12 - Suricate or meerkat

Module # 3 - Hyenas and aardwolf

Component # 1 - Family Hyaenidae

Component # 2 - Striped hyena

Component # 3 - Brown hyena

Component # 4 - Spotted hyena

Component # 5 - Aardwolf

Module # 4 - Cats

Component # 1 - Family Felidae

Component # 2 - African wildcat

Component # 3 - Blackfooted/small spotted cat

Component # 4 - Serval

Component # 5 - Caracal

Component # 6 - Leopard

Component # 7 - Lion

Component # 8 - Cheetah

Module # 5 - Foxes, jackals and dogs

Component # 1 - Family Canidae

Component # 2 - Bat-eared fox

Component # 3 - Golden jackal

Component # 4 - Black-backed jackal

Component # 5 - Side-striped jackal

Component # 6 - African wild dog

Module # 6 - Weasels, otters, zorilla and ratel

Component # 1 - Family Mustelidae

Component # 2 - Striped or white-naped weasel

Component # 3 - Zorilla or striped polecat

Component # 4 - Ratel or honey badger

Component # 5 - Spotted-necked otter

Component # 6 - Clawless otter
