Behaviour guide to African Primates

By Richard D Estes

Course info and getting started

Our **advanced animal behaviour courses** were written by **world-renowned ethologist, Professor Richard D Estes**. These are the **most comprehensive courses of their kind**, featuring **original** drawings, imagery, tables, graphs, references and assessment questions. This is everything you ever wanted to know about the behaviour, biology and ecology of African primates.

Course type

The WildlifeCampus courses are online courses. You can download the course content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as many times as required until they have achieved the passing mark. **Once a test is passed, it cannot be taken again.**

Duration

Average 0-3 months. There are no deadlines; you may complete courses at your own pace.

Certification

Upon completion of the course, you'll receive an industry-recognised digital certificate demonstrating your commitment to upskilling yourself.
