**The
Big 5
Junior**

About this course

Get ready for an exciting adventure into the wild with our **Big 5 Junior course!**

Perfect for young nature lovers, this course is packed with fun, fascinating facts about Africa's most famous animals, the lion, leopard, elephant, rhinoceros, and buffalo. But that is not all! You will also learn about the Little 5, Africa's smaller but equally amazing creatures.

You will discover how these animals live, why they are important, and what we can all do to help protect them. Plus, you will take the Guardian of Nature Oath and earn your very own WildlifeCampus Junior Club certificate!

Once you finish the course, you will receive a **free digital certificate** to show off your achievement. Explore the magic of Africa's wildlife and become a true Guardian of Nature!

Course type

WildlifeCampus courses are online courses. You can download the content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as often as required until they have passed.

Once a test is passed, it cannot be taken again.

Duration

Average 0-3 days. There are no deadlines; you may complete courses at your own pace.
