

# WildlifeCampus

Learn-Protect-Save

# Birding

## About this course

**For bird enthusiasts everywhere, our Birding course offers a unique opportunity to explore the habits and behaviours of our feathered friends from the comfort of your own home.**

Covering bird identification, behaviour, migration patterns, and conservation, this course will help anyone become a knowledgeable birdwatcher.

Perfect for nature lovers, whether as a hobby or career path, the course is designed to be beginner-friendly while offering enough depth for seasoned birders.

This course is an extension of our field guiding (nature guiding) course and can be taken separately. **Do not buy this course if you already have access to the field guiding (nature guiding) course.**

### Price

**R 950** (please see our monthly payment plans)

**Payment  
plans**

### Course type

**WildlifeCampus courses are online courses.** You can download the content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as often as required until they have passed.

**Once a test is passed, it cannot be taken again.**

### Duration

**Average 0-3 weeks.** There are no deadlines; you may complete courses at your own pace.

### Certification

Upon completing the course, you will receive an **industry-recognised digital certificate** demonstrating your commitment to upskilling yourself.

### Help

If you need assistance, please feel free to email us anytime!
