Game lodge management

About this course

Our Game Lodge Management course is an industry-leading course, one of the first of its kind offered to the public. The certification is highly respected within the industry and gives students a competitive edge and credibility.

The principles taught are directly applicable across all sectors of the hospitality industry. While game lodges focus on delivering unique experiences in remote, natural settings, key concepts such as management, guest service, sustainability, and operational efficiency also apply to cruise ships, hotels, BnBs, guest houses, resorts, and restaurants.

Running a successful game lodge demands wildlife conservation, hospitality, and sustainability expertise. Upon completion, graduates will have the skills to thrive in this dynamic industry and achieve long-term success. **This course perfectly complements our Game Lodge Economics and Front of House Lodge Operations courses**, delivering expert training that optimises lodge operations.

Price

R 2,800 (please see our monthly payment plans)

**Payment
plans**

Course type

WildlifeCampus courses are online courses. You can download the content in **PDF format**, so you do not need to be online to study (you will need to be online to take the tests, though).

There is **one test for each component** of a course. Tests are **multiple choice** and **not written tests**. Students may attempt these tests as often as required until they have passed.

Once a test is passed, it cannot be taken again.

Duration

Average 0-3 weeks. There are no deadlines; you may complete courses at your own pace.

Certification

Upon completing the course, you will receive an **industry-recognised digital certificate** demonstrating your commitment to upskilling yourself.
