Introduction to K9 Anti-Poaching

Course info and getting started

Becoming a K9 handler or trainer requires more than just a surface-level desire to work in Anti-Poaching or nature conservation. The connection runs much deeper. When working with these highly specialised, intelligent, and sentient creatures, one must possess a constant yearning to comprehend the essence of each K9's thoughts and emotions.

Written by Robynne Wasas of Luna Hounds, this course will delve into the fundamental knowledge necessary for entering the working K9 industry. We aim to provide individuals from diverse backgrounds with enough information to make an educated decision about pursuing this career path and to start this journey a foot ahead of the rest in their knowledge base.
